The image shows a screenshot of a network configuration interface. At the top, a dark grey header contains the word "Wireless" in white. Below this is a navigation bar with tabs: "Setup", "Wireless", "Security", "Storage", "Access Restrictions", and "Applications". The "Wireless" tab is selected and highlighted in blue. Below the navigation bar, there are two sub-sections: "Basic Wireless Settings" and "Wireless Security". The "Wireless Security" sub-section is selected and highlighted in blue. On the left side, there are two sections: "5GHz Wireless Security" and "2.4GHz Wireless Security". The "2.4GHz Wireless Security" section is expanded, showing configuration options for Security Mode and Passphrase. A dropdown menu for "Security Mode" is open, showing options: "WPA2/WPA Mixed Mode", "WPA2 Personal", "WPA Personal", "WEP", "RADIUS", and "Disabled". The "WPA Personal" option is highlighted in blue. Below the dropdown, the "Passphrase" field contains the text "password". Two yellow callout boxes with arrows point to the "Wireless" tab and the "Wireless Security" sub-section, both containing the text "Click Wireless Security."
